To all our customers, partners and employees

The COVID-19 situation is evolving rapidly with our governments emitting new warnings and decrees to reduce the impact of this crisis. Production of agricultural inputs has been deemed by the governments of Ontario and Québec as an essential service.

While taking more severe precautionary measures, Axter Agrosience is thus still operating and getting ready to supply all our customers and partners throughout the growing season. Access to our offices and plant is now limited to our staff and employees. They are all committed and proud to continue to offer our products to the agricultural sector.

At Axter, all our employees will continue to do their best to support our customers and their staff at the best of their abilities. We will be using new tools to stay in touch and keep you informed of all new information. Please do not hesitate to reach out to our staff and representatives.

A handwritten signature in black ink, appearing to read "Pierre Migner", is placed over a white rectangular background.

Pierre Migner
President/CEO
Axter Agrosience inc.
